I-170 Reconstruction Spurs New Development

Olivette, Missouri – Sansone Group has been awarded development rights to the new Greenway Pointe located at the southwest corner of I-170 and Olive Boulevard. Greenway Pointe is a premier mixed-use 131,500 SF new development. It will feature national retail anchor tenants, niche retail and cafe style restaurant space in a two-story building with office space on the upper level.

Greenway Pointe will also feature an extension of the Centennial Greenway Trail providing pedestrian and bicycle access throughout the development with extensive landscaping, fountains and a clocktower entrance.

“We wanted to create an exciting and unique environment for the City of Olivette,” said Jim Sansone, Principal of Sansone Group. “Greenway Pointe will not only be an economic benefactor, but a destination point for shoppers and residents along Centennial Trail.”

Sansone Group is a nationally recognized St. Louis-based commercial real estate firm that specializes in property and facility management, brokerage, development and redevelopment of retail, industrial, office and residential properties. Currently, Sansone Group operates over 22 million square feet of retail, industrial and office properties in 13 states and over 2,000 residential units.
